Delivered, set up and collected for you. No cleaning required.

Welcome

Bubbles make everything feel more special! Hire a bubble machine and fill your party with thousands of little spheres catching the sunlight, children chasing them across the lawn, and photos that basically take themselves. Panda Party Hire delivers bubble machine hire to Johannesburg, Sandton, Randburg and nearby.

Kids parties, weddings, photo shoots, school events and garden celebrations all get instant atmosphere with bubble machine hire. No need to buy your own unit or hunt around for good quality fluid.

We deliver, set up and collect. You do not need to rinse tanks or wipe down fans when the dancing stops. Our bubble machines are well maintained, checked between every hire, and arrive with fluid in your package.

We test the bubble machine on site with you so you can see the output before guests arrive, and show you how to use it in a quick tutorial. Ask us anything. If you can plug it in and flip a switch, you can run it. That is honestly all there is to it.

Trust Panda Party Hire to arrive on time and ready to blow. Choose Bubble Bonanza below or contact us for All Day Bubbles, Double Bubble and a quote tailored to your party.

Hire packages

Choose the package that fits your guest numbers. All packages include delivery guidance, on-site test and tutorial, and collection when your hire ends.

Bubble Bonanza (High-output machine) - R 800

Includes:

- Professional bubble machine with built-in fan
- 5L premium bubble fluid
- Suitable for halls, gardens & dance floors
- Quick-start guide on delivery
- Full-day hire

- Kids parties
- Weddings
- Photo shoots
- School events
- Garden parties
- Corporate fun days
- Outdoor cinema
- Dance floors

Hire extras

Delivery and collection

We deliver and collect across Johannesburg, Sandton and Randburg.

Extra bubble fluid

1L extra professional bubble fluid for R 80.

Second machine

Double Bubble package or add a second machine. Ask when you book.

How to prepare for the day

Bubbles are effortless once plugged in, but the right spot helps them look magical in photos and on the dance floor.

Protected floor indoors

Bubbles make smooth floors slippery. Place the machine away from steps and wipe nearby areas if needed.

Elevated position

A stable stool or table lets bubbles float out above heads. Not required, but looks wonderful.

Avoid strong wind

Calm gardens and halls work best. Very windy days blow bubbles away quickly.

Power ready

Have a plug point within reach. Extension leads are fine if taped safely out of the way.

Photo zone planning

Place bubbles where guests gather for photos, entrances or first dances.

Towel nearby

A small towel catches occasional fluid drips when filling the tank.

Why hire Bubble Machine?

Instant atmosphere

Thousands of bubbles transform any venue into a magical space.

Photo friendly

Perfect backdrop for party photos and first dances.

All ages

From toddlers to wedding guests - everyone loves bubbles.

Plug and play

Simple setup with fluid included in your pack.

Popular events

Kids parties, Weddings, Photo shoots, School events, Garden parties, Corporate fun days, Outdoor cinema nights, Dance floors.

Delivery areas

We hire across Johannesburg, Sandton, Randburg and surrounding Gauteng suburbs. Delivery and collection fees depend on your venue address. Tell us your location when you request a quote.

How booking works

1. Request a quote with your date, venue address and guest numbers.
2. Choose the hire package that suits your event, with extras if needed.
3. Confirm your date and receive booking details before delivery day.
4. We deliver, set up and test the equipment with you on site.
5. Enjoy your event while guests make the most of the hire.
6. We collect afterwards. No deep cleaning required from you.

Safety information

Bubble machines are generally low risk but fluid and slippery floors need attention, especially indoors and around dance floors.

Essential safety rules

Place on a dry, stable surface away from main walkways where possible.

Keep fluid away from eyes. Rinse with water if contact occurs.

Wipe slippery floors if fluid accumulates indoors.

Do not allow children to tamper with internal parts or fans.

Store fluid upright and out of direct sunlight.

Slip hazards

Bubble fluid makes smooth floors slippery. Place signage if needed and mop affected areas during long events.

Avoid aiming bubbles directly at steps or stair edges.

At weddings, warn guests in heels near wet patches.

Fluid and eyes

Use only the fluid provided or approved by us.

Keep fluid bottles closed and out of reach of small children.

If fluid splashes in eyes, rinse with clean water for several minutes.

Electrical safety

Tape extension leads flat and out of walkways.

Do not use in rain or when equipment could get wet.

Unplug before refilling if instructed on delivery.

Weather policy and instructions

Bubble machines create atmosphere indoors and out, but wind scatters bubbles quickly and rain affects fluid, floors and electrics. A little planning keeps the effect magical.

Ideal conditions

Calm evenings, indoor dance floors and covered patios produce the best bubble clouds. Place the machine where guests can enjoy the effect without creating a slip hazard.

Light wind or sheltered outdoor spot

- Dry, level surface for the machine and fluid bottle
- Away from main walkways if possible, or with mats nearby indoors
- Power lead routed so guests do not trip

Wind

Strong wind blows bubbles away before guests see them and can tip lightweight machines on tall surfaces.

- Position with a wall, hedge or marquee side as a windbreak
- Lower the machine on a sturdy table rather than a narrow pedestal outdoors
- Accept that open windy fields will give a subtle effect only - consider indoor use instead

Rain and wet surfaces

Switch off and cover the machine if rain approaches. Bubble fluid on tiles or concrete becomes slippery.

- Do not leave the machine running uncovered in drizzle
- Wipe indoor floors if fluid builds up near the machine
- Keep fluid caps tight when moving under cover

Pairing with other hires

Bubbles pair beautifully with outdoor cinema and weddings. If forecast storms may affect your main entertainment, contact us - we can advise whether to run bubbles earlier in the evening or move them indoors.

Contact us as early as possible when weather may affect your hire. Your booking confirmation includes phone and message details for the day. We prioritise safe use of equipment and fair solutions for Johannesburg, Sandton and Randburg events.

Frequently asked questions

Q: How does bubble machine hire work?

Book Bubble Bonanza for a single high output machine, or ask about All Day Bubbles and Double Bubble for bigger venues. We deliver with fluid, show you how to run it, and collect when your hire ends.

Q: What is included in Bubble Bonanza?

A professional bubble machine with built in fan, 5L premium bubble fluid, full day hire and a quick start guide on delivery. From R 800 per day.

Q: Can I use a bubble machine indoors?

Yes on a protected floor. Bubbles can make smooth floors slippery, so place it away from steps and wipe nearby surfaces if needed.

Q: Does it work outdoors?

Beautifully outdoors on calm days. Strong wind blows bubbles away quickly. A garden, dance floor or photo area works best.

Q: How long does the bubble fluid last?

The 5L supply in Bubble Bonanza lasts several hours of continuous use. For all day events, ask about extra fluid when you book.

Q: Does the bubble machine need power?

Yes. Plug into a standard power outlet. Extension leads are fine if placed safely.

Q: Can I hire two bubble machines?

Yes. Double Bubble covers a second machine for large gardens, wedding entrances and outdoor cinema setups.

Q: Is the bubble machine easy to use?

Plug in, fill the tank if needed, and switch on. We test it with you on delivery.
Honestly, it could not be simpler.

Q: Do I need to clean the machine?

No. We collect everything at the end of your hire.

Q: Which areas do you deliver to?

Johannesburg, Sandton, Randburg and surrounding suburbs.

Q: What events suit bubble machine hire?

Kids parties, weddings, photo shoots, school events, garden parties, dance floors and outdoor cinema nights.

Q: How do I book?

Choose your package and Book now, or get a quote for your event date.

Equipment care on the day

We deliver clean, tested equipment and show you how to use it safely.

You do not need to deep clean or service the machine during hire.

Contact us on the day if anything does not work as expected.

Keep equipment in the agreed setup area ready for collection.

Switch off and secure equipment if weather makes use unsafe.

Often booked together

Customers often pair bubble machine hire with: Snow Machine, Popcorn Machine, Soft Play.
Ask us about combo bookings when you quote.

Ready to book?

We deliver, set up, test with you and collect afterwards.
